

**When you think of the composition of your Lady Logger Soccer Team it is not so different then the composition of this chocolate chip cookie.**

**Who loves chocolate chip cookies?**

**Both our soccer ball and this delicious chocolate chip cookie are round  
Both are made up of individual ingredients to make the whole  
Friendship, like eggs hold the cookie together  
Determination, like flour gives it mass and shape  
Victory, like chocolate chips are both enjoyable and sweet**

**Now tell me who loves chocolate chip cookies**

**Each of these soccer players, like all Libby Logger athletes works and plays to their absolute best each and every time... sometimes they win, and sometimes they loose... that's just the way the cookie crumbles.**

**But Do We Ever Give Up On The Cookie?**

**And who loves chocolate chip cookies....**
